**Re: Buckeye Telesystem, Inc. ("Buckeye TeleSystem") / Subscriber
Acknowledgement Report, Sept. 1, 2005, WC Docket No. 05-196**

Dear Ms. Dortch:

We write on behalf of Buckeye TeleSystem. This Report is an update to the Aug. 10, 2005 report on Buckeye TeleSystem's compliance with the customer notification requirements of 47 CFR § 9.5.

Advisories of circumstances when E911 service may not be available. Even though each customer's modem is permanently fastened to the structure at the customer's place of business, Buckeye TeleSystem has affixed to each customer's modem a written advisory warning the subscriber of the limitations on Buckeye TeleSystem's E911 service.

Percent of subscribers from whom Buckeye TeleSystem has obtained acknowledgements. Buckeye TeleSystem has obtained signed acknowledgements from 60% of its voice service subscribers. Buckeye TeleSystem expects to receive signed acknowledgements from 100% of its voice service subscribers by September 22, 2005.

Buckeye TeleSystem's planned actions toward customers who do not affirmatively acknowledge having received and understood the advisory. Buckeye TeleSystem anticipates no need to take action against any subscribers because its technicians will personally obtain acknowledgements from each and every subscriber by September 22, 2005.

If you have any further questions, please contact me.

Regards,

Marlene Dortch
